Frequently Asked Questions

Who can qualify for the program?

Annual income of adults in your household must fall below the Program Income Limits shown on this brochure. Income will be verified. You must own and live in the home, and you must be current on your mortgage payments. Your home must be located inside Fort Bragg city limits.

How much funding can I qualify for?

The amount of Program assistance depends upon your household needs. Maximum assistance is limited by the value of your home after the rehabilitation work is done. The "After-Rehab Value Limits" for Mendocino County are currently set at \$250,000. This means that if your home is appraised at less than \$250,000, your maximum assistance is limited to the difference between your home value and \$250,000.

Do I have to pay back the money?

No loan repayment is required for 30 years unless the homeowner sells or transfers title to the home, or unless the Homeowner stops living in the home. If you still own the home in 30 years, you may re-apply to extend the loan if needed. If the Homeowner's heir lives in the home, the heir may apply to the Program to determine eligibility to assume the Homeowner's loan. Voluntary payment of the loan before the 30 year period is allowed.

Money may be used for general clean up and minor landscape repair only in conjunction with other repairs with approval of the City, and general repairs are limited to 15% of the loan.
