

CITY MANAGER MARCH ROUND-UP

Welcome Our Sister City - Otsuchi

On March 18, 2024, we had the pleasure of hosting guests from our sister city, Otsuchi, in the City of Fort Bragg. A heartfelt welcoming ceremony took place, which included a special gift exchange between the visiting group and our esteemed Mayor Norvell at Town Hall.

STREETS REHAB UPDATES

During the month of March, the intersection of Oak and Harold was paved and is pending the installation of high-visibility striped crosswalks to be deemed complete. Argonaut Contractors also completed the re-pavement of the 500 block of South Harold and the 100 block of Chestnut Street as well as a few smaller street sections.

Project Look Ahead; As long as forecasted weather remains clear, contractors will be rapidly working through the remaining tasks to complete the other streets programmed for this project. The first week in April, Boatyard Drive and West Fir Street will be repaved. Also during this week, crews will begin some of the signage and striping for areas of the project that are paved. In the second week of April, construction crews will return to N Franklin Street and continue working their way north to the project limits. The work scheduled for April 8th-12th includes pavement rehabilitation in the 300 and 400 block of North Franklin. Noticing for this work will be disseminated at the end of the prior week, to provide advance notice to impacted businesses. Signage and striping work will continue over a 4 week period, which includes refreshing the red paint on the stamped crosswalks in the Central Business District.
